O PROJETO QUE ORIGINOU ESTA LEI É DE AUTORIA DA VEREADORA NATÁLIA DE MENUDO

LEI COMPLEMENTAR Nº 02, DE 23 DE ABRIL DE 2021.

Institui o Plano Diretor do Município do Recife, revogando a Lei Municipal nº 17.511, de 29 de dezembro de 2008. O PREFEITO DA CIDADE DO RECIFE, Faço saber que a Câmara Municipal do Recife decreta e eu sanciono a seguinte Lei:

TÍTULO I DAS DISPOSIÇÕES GERAIS

CAPÍTULO I DO OBJETO E DA ABRANGÊNCIA

Art. 1º Esta lei institui o Plano Diretor do Município do Recife, que se aplica à totalidade de seu território. § 1º O Plano Diretor é o instrumento básico da política de desenvolvimento urbano do Município do Recife, de cumprimento obrigatório por todos os agentes públicos e privados que atuam em seu território, sejam pessoas físicas ou jurídicas. § 2º A política municipal de desenvolvimento urbano tem como objetivo promover e assegurar o bem-estar e a boa a qualidade de vida de todos os seus habitantes, o pleno desenvolvimento das funções sociais da cidade, o cumprimento da função social da propriedade e o uso socialmente justo, ecologicamente equilibrado e diversificado do seu território, observadas as diretrizes gerais nacionais para a política urbana e ambiental estabelecidas na legislação própria.

Art. 2º Os princípios, objetivos, diretrizes e normas do Plano Diretor do Município do Recife devem ser observados no planejamento e na implementação de quaisquer intervenções e obras urbanas, assim como nos usos e atividades exercidos em todo o território municipal. **Parágrafo único.** Os princípios, objetivos, diretrizes e normas do Plano Diretor do Município do Recife devem, igualmente, ser observados na elaboração e implementação, dentre outros, dos seguintes planos e instrumentos normativos: I - Plano Plurianual; Lei de Diretrizes Orçamentárias e Lei Orçamentária Anual; II - Lei de Parcelamento; Lei de Uso e Ocupação do Solo; planos e projetos específicos ou especiais; planos das políticas setoriais com interação ou interferência na política de desenvolvimento urbano e em demais instrumentos e normas correlatos.

CAPÍTULO II DOS PRINCÍPIOS DA POLÍTICA DE DESENVOLVIMENTO URBANO

Art. 3º Os princípios que regem a política de desenvolvimento urbano são: I - função socioambiental da cidade; II - função socioambiental da propriedade; III - sustentabilidade; IV - equidade socioterritorial; V - integração metropolitana e intraurbana; VI - gestão democrática; VII - equidade de gênero.

§ 1º A função socioambiental da cidade corresponde ao direito de todos os munícipes à vida urbana digna com segurança e equidade socioterritorial, inclusive no que tange ao reconhecimento das especificidades de gênero e à equalização do acesso universal, aos benefícios da urbanização relativos ao acesso à terra urbana, à moradia digna, às infraestruturas urbanas de lazer, mobilidade e saneamento básico, aos equipamentos e serviços públicos de saúde, à educação, à assistência social, à segurança pública, ao trabalho e à renda, bem como aos espaços públicos de qualidade, ao patrimônio ambiental e cultural da cidade. § 2º A função socioambiental da propriedade é atendida quando a propriedade cumpre os critérios e graus de exigência de ordenação territorial, parcelamento, edificação e uso do solo estabelecidos por esta Lei e outras conexas, inclusive os relativos à sustentabilidade ambiental, equidade e inclusão socioterritorial. § 3º Equidade socioterritorial compreende a promoção e a garantia da justiça social a partir da redução das vulnerabilidades urbanas e das desigualdades sociais entre grupos populacionais e entre as Regiões Político-Administrativas, bairros e comunidades do Município do Recife, mediante o reconhecimento da diversidade da estrutura, da forma e da paisagem urbana, cujas múltiplas espacialidades e padrões de ocupação demandam planejamento, ação e regulação diferenciados; bem como o reconhecimento e a valorização da heterogeneidade do seu tecido social como componentes essenciais para a promoção da cidadania, sob uma perspectiva de justiça social e de respeito às especificidades de gênero. § 4º Sustentabilidade é a condição que reflete o equilíbrio entre as dimensões ambiental, cultural, social e econômica, alcançado por meio da integração das políticas públicas e de um processo permanente de fortalecimento institucional e de participação social, pautado na gestão eficiente dos recursos, sobretudo os naturais, na adoção de novas formas de produção e consumo e na adaptação e resiliência às mudanças climáticas, visando à erradicação da pobreza, à equidade social e ao acesso universal a bens e serviços para a qualidade de vida das gerações presentes e futuras. § 5º A gestão democrática é entendida como o processo decisório no qual há a participação direta das cidadãs e dos cidadãos, individualmente ou por meio das suas organizações representativas, na formulação, execução e controle da política urbana, de modo a garantir:

I - a ampliação e a consolidação do poder dos cidadãos e das cidadinas e de suas organizações representativas na formulação das políticas e no controle das ações; II - a consolidação e o aperfeiçoamento dos instrumentos e mecanismos de planejamento, gestão e controle social sobre as políticas públicas; III - a manutenção de processos contínuos de capacitação e informação em conjunto com a sociedade civil sobre políticas públicas, planejamento, gestão e controle social; e IV - a instituição de canais e mecanismos para avaliação e monitoramento do Plano Diretor. V- Participação na avaliação, elaboração e implementação de planos, programas e projetos de desenvolvimento urbano.

§ 6º Integração metropolitana e intraurbana consiste na implantação de um processo permanente e compartilhado de tomada de decisão e execução de políticas afetas às funções públicas de interesse comum da Região Metropolitana para o desenvolvimento urbano sustentável e a melhoria das condições de vida da sua população, mediante o funcionamento de modelo institucional de governança interfederativa e de compartilhamento de responsabilidades de gestão, que atue respeitando a prevalência do interesse comum sobre o interesse local e a autonomia dos entes federativos no tocante às suas competências e atribuições, assim como que

permita a participação efetiva da representação da sociedade civil da região nos espaços de planejamento e de decisão, nos termos da Lei Federal nº 13.089, de 12 de janeiro de 2015 (Estatuto da Metrópole).

§ 7º Equidade de gênero consiste em um princípio de justiça social, que visa promover e garantir a equiparação de oportunidades entre os gêneros, partindo do reconhecimento e respeito às diferenças e especificidades entre homens e mulheres, sobretudo frente às desigualdades socioespaciais vivenciadas em seu cotidiano, com vistas a superá-las.

CAPÍTULO III DOS OBJETIVOS DA POLÍTICA DE DESENVOLVIMENTO URBANO

Art. 4º Constituem objetivos relativos ao cumprimento do princípio da função social da cidade os seguintes: I - assegurar a todas as cidadinas e aos cidadãos uma condição de vida digna no ambiente urbano com equidade socioespacial, respeitadas as especificidades de gênero, e acesso universal aos benefícios da urbanização; II - promover a justa distribuição do ônus e benefícios dos investimentos públicos na cidade, bem como promover o desenvolvimento social, com oportunidade de acesso a bens, serviços e políticas públicas; III - assegurar às gerações presentes e futuras o exercício do direito à cidade sustentável sob as óticas urbana, ambiental, econômica e social, conservada e integrada, abrangendo o direito à terra urbana, à moradia com adequadas condições de habitabilidade, às infraestruturas de saneamento e de mobilidade urbana, especialmente no que diz respeito à mobilidade ativa e aos transportes públicos, aos serviços públicos, assim como à cultura, ao trabalho e ao lazer; IV - equalizar e universalizar a dotação de infraestrutura, a prestação de serviços públicos de boa qualidade e a qualificação dos espaços públicos em toda a cidade. V - Reduzir os impactos sociais, econômicos e ambientais em áreas de risco e aumentar a resiliência da metrópole frente a eventos climáticos severos decorrentes das mudanças climáticas.

Art. 5º Constituem objetivos relativos ao cumprimento do princípio da função socioambiental da propriedade os seguintes: I - recuperar a valorização imobiliária decorrente dos investimentos públicos para a coletividade; II - combater a ociosidade, o esvaziamento e a subutilização dos imóveis, estimulando a manutenção de usos tradicionais, priorizando o uso habitacional e respeitando as práticas e dinâmicas sociais como essenciais para a vitalidade nos bairros; III - regular, monitorar e controlar os usos e as atividades nos lotes de terrenos e nas edificações da cidade de modo que esses sejam compatíveis com a dinâmica urbana atual e planejada para a área a fim de minimizar as incomodidades e os impactos negativos à vizinhança. IV - promover a conservação, recuperação ambiental, ampliação, valorização e distribuição equitativa da infraestrutura ambiental da cidade. V - assegurar o aproveitamento adequado e racional do solo, compatíveis com a infraestrutura e a disponibilidade de serviços públicos.

Art. 6º Constituem objetivos relativos ao cumprimento do princípio do meio ambiente ecologicamente equilibrado os seguintes: I - melhorar a integração das funções dos elementos naturais - rios, córregos, canais e áreas verdes - com os elementos estruturadores do território, tais como sistema viário, transporte coletivo, infraestrutura de saneamento básico e serviços públicos em geral para a materialização do meio ambiente ecologicamente equilibrado. II - valorizar as relações entre o ambiente natural, o ambiente construído e as práticas sociais como componentes do patrimônio cultural do Recife, para promover o efetivo respeito e a preservação do seu patrimônio cultural material e imaterial; III - valorizar e promover o uso contemporâneo do parque edificado da cidade, por meio de atividades compatíveis com a preservação e reabilitação das edificações e das dinâmicas locais, combatendo a ociosidade dos imóveis e promovendo a diversificação de usos e práticas sociais; IV - estimular a concretização dos usos desejados para as diversas áreas da cidade, de acordo com as suas especificidades locais, e estimular a manutenção e a instalação de tais usos de acordo com a dinâmica urbana a ser alcançada com base nesta lei, além de regular os usos potencialmente geradores de impacto negativo e incomodidade à vizinhança. V - proteção dos mananciais hídricos superficiais e subterrâneos.

Art. 7º Constituem objetivos relativos ao cumprimento do princípio da equidade socioterritorial os seguintes: I - promover e garantir condições dignas de habitabilidade, priorizando as habitações de interesse social, por meio do acesso universal à terra urbanizada, à moradia adequada, às infraestruturas urbanas, dentre estas as de saneamento e mobilidade, bem como a acessibilidade aos espaços, edificações, transportes, equipamentos, mobiliários e serviços urbanos, assim como aos sistemas e meios de comunicação, com equidade de gênero e equiparação de oportunidades para todas e todos, com a inclusão das pessoas com deficiência e mobilidade reduzida, de forma integrada e segura; II - estimular zonas de adensamento populacional e construtivo ao longo dos eixos de transporte público de alta e média capacidade e da infraestrutura de saneamento básico instalada; III - qualificar os espaços públicos, visando à promoção do conforto térmico e ao atendimento das normas de acessibilidade universal, de modo a torná-los mais agradáveis e seguros e potencializar o seu uso, reconhecendo as diferentes formas de vivência e de circulação, a perspectiva de gênero e o atendimento à população com deficiências, com doenças raras e/ou com mobilidade reduzida, tornando o espaço urbano atrativo e promovendo a equidade no acesso e usufruto completo do direito à cidade; IV - ampliar as oportunidades por meio da educação, da cultura e de ações para a geração de trabalho e renda, qualificando a cidade como um ambiente propício ao empreendedorismo e ao empoderamento feminino, com melhoria da vida cotidiana das cidadinas e dos cidadãos, visando à inclusão, à integração social e à geração de riquezas de forma limpa e ecologicamente equilibrada, com respeito às gerações futuras.

Art. 8º Constituem objetivos relativos ao cumprimento do princípio da integração metropolitana e intraurbana os seguintes: I - fortalecer e qualificar as relações do Município do Recife e sua Região Metropolitana, por meio:

a) da articulação das funções político-administrativas e de serviços especializados concentrados na capital, em escalas e âmbitos regionais; e

b) da observação dos princípios de governança interfederativa sobre o planejamento, a gestão e a execução de políticas voltadas sobretudo às funções públicas de interesse comum com base na legislação federal aplicável (Estatuto da Metrópole - Lei Federal nº 13.089, de 12 de janeiro de 2015);

II - promover melhorias nos sistemas de fluxos de pessoas e bens, e as integrações físico-funcionais que ultrapassem os aspectos de atração socioeconômica e cultural, e impliquem gestões conjuntas e articuladas dos sistemas de bacias hidrográficas, sistemas de transporte público e de saneamento básico; III - incentivar e fomentar as atividades econômicas de forma articulada entre o Recife e os demais Municípios, na proporção da expectativa de crescimento do Recife como polo de serviços tecnológicos, científicos, turísticos e culturais de abrangência regional, respeitando-se os estudos de impacto ambiental, de vizinhança e outros que se fizerem necessários, de modo a evitar ou minimizar os respectivos impactos negativos; IV - promover a estruturação do espaço intraurbano, valorizando a escala do pedestre para a promoção de uma cidade segura e agradável, a boa qualidade dos espaços públicos, as especificidades de gênero e a ampla mobilidade e acessibilidade das pessoas, em especial daquelas com deficiência e mobilidade reduzida, bem como estimular os meios de mobilidade ativa para favorecer a realização de deslocamentos cotidianos de curtas distâncias a pé ou por meio de veículos não motorizados.

Art. 9º Constituem objetivos relativos ao cumprimento do princípio da gestão democrática a promoção, a diversificação e a qualificação permanente das instâncias de participação da sociedade civil nos processos de decisão, planejamento e gestão municipal, desenvolvendo meios, instrumentos e mecanismos permanentes e sistemáticos de mobilização para o exercício efetivo da participação direta da população e do controle social sobre as ações do Poder Público.

Art. 9º-A - Constituem objetivos relativos ao cumprimento do princípio da equidade de gênero: I - eliminar os casos de violência contra a mulher no espaço urbano por meio do combate à ociosidade, subutilização ou degradação da propriedade urbana e da requalificação dos espaços públicos, bem como no uso dos equipamentos que integram o sistema de mobilidade urbana, em especial de transporte público, mediante a adoção de medidas de qualificação estrutural e operacional; II - considerar a perspectiva de gênero na formulação de programas e ações de provisão habitacional e de regularização fundiária, por meio da titulação de posse da terra ou habitação em favor das mulheres; III - ampliar a rede de equipamentos urbanos e comunitários, com prioridade para creches e escolas, especialmente nas áreas periféricas, objetivando promover a equiparação de oportunidades entre homens e mulheres, inclusive para o acesso ao mercado de trabalho e assistência familiar.

CAPÍTULO IV DAS DIRETRIZES DA POLÍTICA DE DESENVOLVIMENTO URBANO

Art. 10. As diretrizes para a realização dos objetivos relativos ao princípio da função social da cidade são as seguintes: I - implementar estratégias de ordenamento da estrutura urbana, da forma e dos usos da cidade, de modo sustentável, valorizando os elementos naturais e os espaços livres públicos e assegurando a toda população o acesso à infraestrutura, a equipamentos e políticas sociais; II - ampliar, manter e adequar a infraestrutura urbana e os serviços públicos às especificidades e aos padrões de ocupação locais nos bairros; III - promover o acesso à terra urbana regularizada dotada de infraestrutura urbana e com segurança jurídica da posse, por meio dos planos urbanísticos e de regularização fundiária; IV - ampliar e universalizar o acesso às políticas públicas, aos equipamentos e serviços públicos em áreas com carências identificadas;

Art. 11. As diretrizes para a realização dos objetivos relativos ao princípio da função social da propriedade são as seguintes: I - regulamentar e aplicar instrumentos de desestímulo à ociosidade, a subutilização e à utilização inadequada de imóveis urbanos; II - regulamentar o parcelamento do solo, o adensamento populacional e construtivo e o uso das edificações a partir da infraestrutura urbana disponível ou projetada; III - definir e priorizar intervenções urbanísticas a partir do interesse público e mediante controle social, inclusive aquelas que contarão com a participação do setor privado, condicionando os novos projetos urbanos - como operações urbanas consorciadas - à implantação de equipamentos públicos e priorizando aqueles que viabilizem a equidade de oportunidades para mulheres acessarem o mercado de trabalho; IV - realizar levantamento dos imóveis vazios ou subutilizados privados para fins da aplicação dos instrumentos coercitivos destinados ao cumprimento da função social da propriedade; V - realizar levantamento dos bens públicos dominiais vazios ou subutilizados, para constituir um banco de imóveis a ser destinado à promoção de moradia social, equipamentos urbanos e sociais.

Art. 12. Art. 13. As diretrizes para a realização dos objetivos relativos ao princípio da equidade socioterritorial são as seguintes:

- I - promover a distribuição equitativa de equipamentos públicos no território priorizando as áreas de maior vulnerabilidade social, tendo como critério, para a escolha da localização de implantação dos novos equipamentos, a condição de acesso, sobretudo por meio de transporte coletivo e de mobilidade ativa, e a densidade populacional da área, potencializando o aproveitamento per capita dos equipamentos a serem instalados;
- II - formar uma rede de equipamentos públicos qualificada, conectada e acessível, considerando a complementariedade funcional entre os equipamentos e as características socioeconômicas e demográficas da área de implantação visando à melhoria da qualidade de vida nos bairros;
- III - estimular a descentralização na implantação de equipamentos públicos e privados, de estabelecimentos de comércio e de serviços, de modo a promover o adensamento de atividades mercantis nos bairros e melhoria da distribuição de empregos na cidade, de forma a diminuir os deslocamentos rotineiros, equalizar o acesso às oportunidades, e conferir uso misto e vitalidade aos bairros durante todos os períodos do dia, evitando as condições que corroborem para a vulnerabilidade social no meio urbano;
- IV - ampliar o uso habitacional nas áreas com maior oferta de postos de trabalho, estimulando o adensamento habitacional nas centralidades urbanas e ao longo dos principais eixos viários e de transporte como forma de dinamizar a utilização da infraestrutura instalada em tais áreas;
- V - ampliar as ações de regularização fundiária, de qualificação do ambiente urbano e diversificar as políticas públicas de habitação de interesse social, de modo a promover a segurança jurídica da posse e melhorar as condições de habitabilidade;
- VI - qualificar e equalizar a prestação dos serviços públicos por meio da promoção de equipamentos de saúde pública e do saneamento ambiental universalizado;
- VII - estimular a economia popular e criativa, assim como o empreendedorismo visando para além do desenvolvimento das atividades econômicas geradoras de emprego, trabalho e renda, o desenvolvimento da cultura, do turismo, do lazer e dos esportes, sempre articulados aos cuidados ambientais, à inclusão e à integração social.
- VIII - o planejamento e a urbanização das vias públicas, dos parques e dos demais espaços de uso público serão concebidos e executados de forma a garantir a acessibilidade arquitetônica e comunicacional, que estejam de acordo com os parâmetros do desenho universal.

Art. 14. As diretrizes para a realização dos objetivos relativos ao princípio da integração metropolitana e intraurbana são as seguintes:

- I - estimular a modernização e a eficácia do sistema de transportes coletivos, buscando a criação de alternativas eficientes de ligação entre bairros e com Municípios circunvizinhos por meio do ordenamento e da ampliação da rede de linhas de transporte articuladas ao SEI, e seus diferentes modos, visando a redução dos custos tarifários para os usuários e usuárias e a universalização do serviço;
- II - reconhecer e valorizar as diferentes formas de vivência e de circulação na cidade, respeitada a perspectiva de gênero buscando, além de qualificar os trajetos longos, qualificar e estimular os trajetos de curtas distâncias de modo a garantir que a maior parte da população tenha acesso a meios eficientes de conexão intraurbana com transporte público de qualidade;
- III - estimular a mobilidade ativa, melhorando as condições de segurança e conforto para a realização dos percursos a pé e em veículos não motorizados por meio da valorização do sistema de circulação de pedestres e das rotas cicláveis, da criação de fachadas ativas, da progressiva arborização ao longo das vias, atendendo a critério de acessibilidade universal e dotando o espaço urbano de elementos que favoreçam a mobilidade ativa, tais como iluminação pública adequada aos pedestres, ampliação de calçadas, definição das faixas de travessias, de ciclofaixas, bicicletários e paraciclos e de ambientes de permanência abrigados do sol.
- IV - promover dinâmicas de adensamento construtivo e populacional vinculadas à proximidade aos sistemas de transporte de alta e média capacidades, existentes e planejados, de modo complementar à capacidade de suporte das infraestruturas de saneamento básico e de mobilidade;
- V - desestimular o transporte individual motorizado por meio da redução da exigência do número mínimo de vagas de estacionamento em áreas definidas e delimitadas, considerando a localização e a disponibilidade de transporte coletivo;
- VI - estimular o uso habitacional nas áreas com maior oferta de postos de trabalho e o adensamento de serviços e atividades mercantis nos bairros, de modo a ampliar a oferta de empregos, combater o isolamento dos bairros e minimizar a necessidade de deslocamentos cotidianos.

Art. 15. As diretrizes para a realização dos objetivos relativos ao princípio da gestão democrática são as seguintes:

- I - promover a efetiva participação da sociedade civil no processo de formulação, implementação, controle e revisão do Plano Diretor do Recife, da Lei de Uso e Ocupação do Solo e da Lei de Parcelamento, assim como dos planos setoriais e leis específicas necessárias à sua aplicação, por meio do Conselho da Cidade e demais instâncias pertinentes;
- II - promover ampla comunicação com a população por de meio canais de diálogo permanentes para identificação de prioridades locais de intervenção;
- III - garantir formas de monitoramento e gestão da aplicação dos instrumentos, recursos auferidos, e sua destinação.
- IV - garantir os recursos necessários ao funcionamento dos conselhos municipais.

Art. 15-A - As diretrizes para a realização dos objetivos relativos ao princípio da equidade de gênero são as seguintes:

- I - considerar a perspectiva de gênero no desenvolvimento e execução das ações da política urbana e ambiental, no intuito de, observadas suas diferenças e especificidades, eliminar as barreiras que impedem que mulheres e homens usufruam das oportunidades ofertadas pela cidade;
- II - priorizar investimentos na requalificação de logradouros públicos e na melhoria da iluminação pública, especialmente em áreas mapeadas como de maior incidência de casos de violência contra as mulheres, visando garantir condições adequadas de acessibilidade, mobilidade e segurança;
- III - regulamentar e incentivar a utilização de instrumentos qualificadores do espaço urbano, bem como regulamentar e aplicar instrumentos de incentivo à utilização adequada de imóveis urbanos objetivando requalificar urbanisticamente diversas áreas da cidade e, consequentemente, eliminar casos de violência contra as mulheres;
- IV - executar intervenções estruturais e adequações operacionais que visem garantir segurança e conforto na utilização dos equipamentos que integram o sistema de mobilidade urbana, em especial do transporte público, tais como terminais, paradas, estações e veículos, objetivando eliminar casos de violência contra as mulheres no uso deste sistema;
- V - apoiar e fomentar iniciativas de construção e autoconstrução de moradias por entidades e movimentos organizados da sociedade civil, especialmente aqueles geridos por mulheres, através de financiamento e capacitação profissional e associativa;
- VI - conferir, preferencialmente, a titulação ou cessão da posse da terra ou nova habitação em favor das mulheres, como forma de garantir sua autonomia e empoderamento.

TÍTULO II DO ORDENAMENTO TERRITORIAL

Art. 16. O ordenamento territorial corresponde à dimensão espacial da estratégia desenvolvida para o Recife e contém, em si, a definição de perímetros promotores da qualificação do território, cujas intenções específicas concretizam o caráter indutivo da estratégia.

Art. 17. O ordenamento territorial visa à construção de uma sociedade justa, ambiental e economicamente sustentável e pressupõe a equidade socioterritorial, o desenvolvimento orientado pelo transporte sustentável e pela capacidade de suporte da infraestrutura de saneamento ambiental, a promoção de acessibilidade universal, a proteção e preservação do patrimônio histórico e cultural, ambiental e paisagístico, a redução das distâncias, a ampliação das centralidades e a moradia no centro.

Parágrafo único. A identificação e a definição dos objetivos, das diretrizes e dos instrumentos adequados à implantação da estratégia desenvolvida para o Recife, na perspectiva do ordenamento territorial, terão por base o reconhecimento de suas especificidades socioeconômicas e culturais e das características urbanas, ambientais e paisagísticas.

CAPÍTULO I DA ESTRUTURA ESPACIAL

Art. 18. A estrutura espacial do Recife configura-se pela articulação dos seus sistemas hídrico-ambientais e de infraestrutura de mobilidade e saneamento, do seu conjunto edificado formal e informal, caracterizado pelos seus diversos usos e funções, e dos equipamentos públicos.

Art. 19. A estrutura espacial do Recife considera os seguintes fatores:

- I - os elementos naturais estruturadores do ambiente urbano, notadamente:
 - a) os maciços vegetais essenciais para assegurar o patrimônio natural existente e promover o equilíbrio do ecossistema urbano; e
 - b) a rede hídrica principal e secundária da cidade como importante sistema estruturador do ordenamento territorial e sua função de conector ambiental a fim de compor rede de ambientes naturais e protegidos;
- II - os elementos construídos estruturadores do ambiente urbano, notadamente o sistema viário como suporte da mobilidade urbana - transporte público, mobilidade ativa e transporte individual -, indutor do desenvolvimento urbano e integrador com os demais Municípios da região metropolitana;
- III - o sistema de saneamento ambiental como elemento essencial para a melhoria das condições de habitabilidade e suporte nas áreas previstas para indução do adensamento;
- IV - a diversidade das características morfológicas e tipológicas do ambiente construído, cujo conteúdo abarca o reconhecimento das áreas de ocupação espontânea, da sua diversidade sociocultural expressa nos padrões de ocupação da cidade e a valorização do seu potencial paisagístico e cultural;
- V - a distribuição dos espaços públicos, equipamentos urbanos e serviços sociais, como meio de promoção da equidade socioterritorial e como critério para o ordenamento espacial dos usos e dinâmicas urbanas.

Art. 20. A estruturação espacial do Recife tem por objetivo:

- I - garantir a multiplicidade de usos nas diversas partes do território, compatíveis com a capacidade da infraestrutura urbana instalada ou projetada, por meio da aplicação dos instrumentos urbanísticos e de modo a contribuir para a redução dos deslocamentos;
- II - adequar a oferta de infraestrutura e serviços urbanos a partir dos déficits existentes e das novas demandas de suporte ao adensamento e crescimento urbano;
- III - aplicar o coeficiente básico unitário definido para toda a cidade, de forma a garantir a isonomia do direito de construir vinculado ao direito de propriedade e a justa distribuição dos ônus e benefícios do processo de urbanização;
- IV - estabelecer coeficientes máximos de aproveitamento de acordo com a infraestrutura existente ou projetada e a capacidade de suporte, com o objetivo de preservar suas características ambientais e urbanas ou de adensamento construtivo e populacional pretendidos;
- V - intensificar a ocupação de áreas para a instalação de empreendimentos habitacionais e de atividades econômicas com base na infraestrutura instalada ou projetada e mediante a aplicação dos instrumentos urbanísticos;
- VI - reduzir os deslocamentos rotineiros, a partir da definição do uso habitacional como estratégico, estimulando-o em áreas com maior disponibilidade de postos de trabalho e dotadas de infraestrutura, por meio da aplicação dos instrumentos urbanísticos;
- VII - estimular a implantação de estabelecimentos comerciais e de serviços complementares ao uso habitacional, compatíveis com a capacidade de carga das vias e manutenção das práticas locais, com vistas à minimização dos deslocamentos rotineiros;
- VIII - regular as atividades incômodas e empreendimentos de impacto ambiental, econômico e urbanístico;
- IX - estimular a manutenção dos usos tradicionais existentes e incentivar usos desejáveis para ampliar a dinâmica urbana das zonas;
- X - promover a requalificação e a dinamização das áreas de centralidades;
- XI - estimular a ocupação de imóveis não edificados, não utilizados e subutilizados em áreas dotadas de infraestrutura, por meio da utilização compulsória destes imóveis a partir da aplicação dos instrumentos previstos e mecanismos de estímulo ao adensamento populacional com prioridade para habitação de interesse social;
- XII - estimular a implantação de usos habitacional, comercial e de serviços ao longo dos corredores de transporte e nas áreas de centro e centralidades;
- XIII - promover a caminhabilidade e a qualificação dos espaços na escala do pedestre, ampliar as calçadas, incentivar as fachadas ativas e sua interface com o espaço público, assim como estimular a fruição pública para pedestres no interior de grandes quadras; e
- XIV - proporcionar condições para intensificar a mobilidade ativa na cidade do Recife, por meio da ampliação da malha cicloviária na composição de um sistema de ciclovias que fortaleça o uso de bicicletas como alternativa ao uso dos transportes motorizados no deslocamento cotidiano.
- XV - proteger as paisagens naturais notáveis, culturais e históricas do Recife e valorizar os sistemas hídricos e características morfológicas da cidade.
- XVI - ampliar espaços verdes públicos visando atender a demanda crescente por espaços de lazer, esporte, saúde, relaxamento e bem-estar da população, assim como promover a resiliência aos impactos climáticos.
- XVII - cumprir as normas de acessibilidade nos espaços, mobiliários, equipamentos urbanos, entre outros, para a pessoa com deficiência, doença rara e/ou mobilidade reduzida.

CAPÍTULO II DA COMPARTIMENTAÇÃO TERRITORIAL

SEÇÃO I DAS NORMAS GERAIS

Art. 21. Este Plano Diretor estabelece a compartimentação territorial do Recife a partir das estratégias desenvolvidas para a cidade e da melhor utilização a ser dada às diferentes áreas do território em cumprimento à função socioambiental da cidade.

Art. 22. A compartimentação territorial tem por objetivo delimitar espaços para qualificação dos usos que se pretende induzir ou restringir em cada área da cidade, a partir da definição de diretrizes e instrumentos em função da capacidade de suporte ambiental, de saneamento e de mobilidade urbana.

Art. 23. São diretrizes para a compartimentação territorial:

- I - promover a regulação da ocupação do solo como forma de compatibilizar o adensamento populacional e construtivo em função da capacidade de suporte da infraestrutura urbana instalada e projetada, notadamente de saneamento básico e de mobilidade sustentável.
- II - preservar, recuperar e promover a sustentabilidade das regiões de interesse histórico, cultural e ambiental;
- III - urbanizar e qualificar a infraestrutura e promover melhores condições de habitabilidade nas áreas de ocupação precária, com foco na promoção de processos de regularização fundiária e provisão de Habitação de Interesse Social em áreas suscetíveis ao risco de deslizamento ou inundação;
- IV - fornecer bases para o dimensionamento e a expansão das redes de infraestrutura construída e ambiental e para a implantação de equipamentos, inclusive novos espaços públicos verdes e de lazer, como parques e praças, e serviços urbanos.

Art. 24. A compartimentação territorial do Município em macrozonas e zonas considera:

- I - a compatibilidade com as características do ambiente, construído e natural, de forma a integrar:
 - a) as redes hídricas principais e secundárias;
 - b) maciços vegetais; e
 - c) as características morfológicas e tipológicas do conjunto edificado, especialmente o patrimônio cultural, de modo a valorizar os espaços de memória coletiva e de manifestações culturais;
- II - o reconhecimento das especificidades da distribuição espacial dos usos e das atividades urbanas, da diversidade morfotipológica e dos padrões socioeconômicos e culturais;
- III - a adequação do parcelamento, do uso e da ocupação do solo à disponibilidade de infraestrutura urbana; e
- IV - a necessidade de otimização dos investimentos públicos e privados e de melhoria e adequação dos padrões urbanos, de modo a promover a justa distribuição do processo de urbanização.

SEÇÃO II DO MACROZONEAMENTO

Art. 25. O macrozoneamento do Município compreende a divisão espacial de todo o seu território e considera o ambiente do Recife constituído pelo conjunto de elementos naturais e construídos, resultante do processo de caráter físico, biológico, social e econômico, de uso e apropriação do espaço urbano e da relação e atributo de diversos ecossistemas.

Art. 26. O objetivo do macrozoneamento é valorizar a integração entre os elementos construídos de patrimônio histórico e cultural e a estrutura hídrico-ambiental da cidade, parques e praças, vegetação preservada, arborização histórica e nativa, e sua relação com as áreas urbanas mais densamente construídas, como qualificadora da vida no Recife.

Art. 27. O macrozoneamento do Recife prevê a compartimentação do território a partir do reconhecimento de sua geografia física e das dinâmicas urbanas definidoras da cidade, em busca de um desenvolvimento sustentável.

Art. 28. O macrozoneamento do Recife está compartimentado em 2 (duas) macrozonas:

- I - a Macrozona de Ambiente Natural e Cultural (MANC);
- II - a Macrozona de Ambiente Construído (MAC).

Parágrafo único. Os perímetros do macrozoneamento do Recife definidos pelo Plano Diretor estão contidos no ANEXO I da presente lei.

SUBSEÇÃO I MACROZONA DO AMBIENTE NATURAL E CULTURAL

Art. 29. A Macrozona do Ambiente Natural e Cultural (MANC) considera como elementos estruturadores de seu território os maciços vegetais preservados, a rede hídrica principal e secundária e o patrimônio cultural da cidade, a fim de configurar na cidade um sistema que valoriza seus próprios atributos e qualifica os espaços onde incide, em especial:

- I - a articulação entre estes principais componentes identitários da cidade do Recife;
- II - a forte presença das águas, de sua costa marítima, dos rios e canais; e
- III - o patrimônio histórico material e imaterial.

Art. 30. A Macrozona do Ambiente Natural e Cultural (MANC) tem por objetivo valorizar, preservar e recuperar, de forma sustentável e estratégica, os recursos naturais e culturais da cidade, de modo a formar um sistema integrado para uso e desenvolvimento sustentável.

Art. 31. São diretrizes definidas para a Macrozona do Ambiente Natural e Cultural -(MANC):

- I - articular os principais elementos identitários da cidade do Recife, os corpos hídricos, os remanescentes de mata atlântica e seus sistemas associados e o patrimônio cultural edificado;
- II - integrar os parques, praças, áreas verdes e rede hídrica por meio de conectores ambientais que promovam a integração e fortaleçam a infraestrutura ambiental da cidade;
- III - desenvolver o território de maneira sustentável e ampliar a capacidade de resiliência do Município para o enfrentamento das mudanças climáticas.

Art. 32. A Macrozona do Ambiente Natural e Cultural (MANC) é composta pela Zona de Ambiente Natural (ZAN) e Zona de Desenvolvimento Sustentável (ZDS).

SUBSEÇÃO II MACROZONA DO AMBIENTE CONSTRUIDO

Art. 33. A Macrozona do Ambiente Construído (MAC) corresponde à porção do território caracterizada pela predominância de um conjunto edificado com diferentes padrões morfotipológicos e diversas formas de uso e ocupação do solo e pela maior capacidade de suporte para adensamento construtivo e populacional.

Art. 34. A Macrozona do Ambiente Construído (MAC) tem por objetivo valorizar, conservar, adequar, qualificar e organizar o espaço edificado da cidade, respeitando as diferentes formas de uso e ocupação do solo.

Art. 35. São diretrizes definidas para a Macrozona do Ambiente Construído (MAC):

- I - estabelecer parâmetros de desenvolvimento urbano de acordo com as condicionantes urbanísticas, ambientais, sociais e econômicas;
- II - estabelecer áreas de adensamento de acordo com a disponibilidade de infraestrutura instalada e a capacidade de suporte da mobilidade e do saneamento ambiental, dos equipamentos urbanos e serviços e das diretrizes de preservação do patrimônio cultural.

Art. 36. A Macrozona do Ambiente Construído (MAC) é composta pela Zona de Ambiente Construído (ZAC), Zona Centro (ZC) e Zona de Reestruturação Urbana - (ZRU).

SEÇÃO III DO ZONEAMENTO

Art. 37. O zoneamento é a subdivisão das macrozonas, o qual reflete a estratégia de desenvolvimento para a cidade, por meio da aplicação do coeficiente de aproveitamento e instrumentos urbanísticos e ambientais incidentes.

§1º Para fins desta lei é considerado:

- I - Coeficiente de Aproveitamento: é o índice que, multiplicado pela área do terreno, resulta na área de construção permitida em cada lote;
- II - Coeficiente de Aproveitamento Mínimo: é o índice que, multiplicado pela área do terreno, resulta na área de construção mínima dos lotes e glebas, abaixo da qual a propriedade urbana não cumpre a sua função socioambiental;
- III - Coeficiente de Aproveitamento Básico: é o índice que, multiplicado pela área do terreno, resulta na área de construção não onerosa e inerente aos imóveis urbanos;
- IV - Coeficiente de Aproveitamento Máximo: é o índice definido pela capacidade de suporte de cada zona da cidade que, multiplicado pela área do terreno, resulta na área máxima de construção dos lotes e glebas.
- §2º Para efeito do cálculo da área de construção computável decorrente da aplicação dos coeficientes de aproveitamento definidos pelo Plano Diretor para todas as zonas, será considerado apenas o total da área privativa, de acordo com os conceitos definidos pela Associação Brasileira de Normas Técnicas - ABNT.
- §3º São dispensadas do cálculo da área de construção computável em cada zona, as áreas destinadas ao téreo ativo, o estacionamento de veículos e as circulações verticais, inclusive hall, by-pass e casa de máquinas nos casos de imóveis não condominiais.

Art. 38. O zoneamento do Recife divide as 2 (duas) macrozonas em 5 (cinco) zonas com suas respectivas categorias e 3 (três) classes de zonas especiais sobrepostas ao zoneamento.

Parágrafo único. Os perímetros do zoneamento do Recife definidos pelo Plano Diretor estão contidos no ANEXO II da presente lei.

SUBSEÇÃO I DA ZONA DE AMBIENTE NATURAL

Art. 39. A Zona de Ambiente Natural (ZAN) corresponde à porção do território do Recife estruturada pelas bacias dos Rios Beberibe, Capibaribe e Tejipió, com predominância de áreas não urbanizadas, forte presença de remanescentes de mata atlântica e seus ecossistemas associados e Unidades Protegidas, sobretudo da categoria de Unidades de Conservação da Natureza (UCN).

Art. 40. A Zona de Ambiente Natural (ZAN) tem como objetivo garantir padrões sustentáveis de ocupação, preservar e potencializar seu sistema hídrico-ambiental e a conexão entre eles.

Art. 41. São diretrizes definidas para a Zona de Ambiente Natural (ZAN):

- I - conservar os remanescentes de mata atlântica e seus ecossistemas associados, por meio da compatibilização do uso do solo com a preservação dos elementos naturais;
- II - valorizar e revitalizar o sistema hídrico principal e secundário por meio de corredores ecológicos e implantação de programas de revitalização de nascentes e corpos hídricos a fim de implantar conexão entre esses e os remanescentes de mata atlântica, seus ecossistemas associados e Unidades Protegidas;
- III - recuperar as áreas degradadas de acordo com as peculiaridades de cada área, da extensão do dano observado e da solução técnica exigida pelo órgão público municipal competente, de modo a incentivar suas qualidades ambientais materiais e imateriais;
- IV - promover a sustentabilidade na produção ecossocial de acordo com a capacidade de suporte dos ecossistemas;
- V - promover ações de educação ambiental sobre aspectos favoráveis à recuperação, proteção, conservação e preservação do ambiente natural;
- VI - intensificar o controle urbano a fim de coibir as ocupações não planejadas e/ou incompatíveis com o uso sustentável do território.
- VII - proteger as espécies vegetais e animais, especialmente as ameaçadas de extinção.
- VIII - conservar os recifes costeiros e seus ecossistemas associados.

Art. 42. A Zona de Ambiente Natural (ZAN) está subdividida de acordo com os corpos hídricos principais e secundários formadores das bacias hidrográficas:

I - a Zona de Ambiente Natural Beberibe (ZAN Beberibe), composta:

- a) pela concentração da Mata Atlântica e de seus ecossistemas associados, e
- b) pela presença de nascentes, mananciais, sítios, granjas e chácaras e de áreas potenciais para a implantação de parques públicos urbanos;

I - receber investimentos para os conjuntos habitacionais já implantados e que necessitam requalificação e processos de regularização urbanística e fundiária;
 II - prever a criação de um banco de terrenos vazios ou subutilizados, de preferência, em regiões dotadas de infraestrutura e equipamentos públicos, para a produção de novas unidades habitacionais de interesse social.
 III- garantir assistência social com vista a evitar a subutilização desses espaços.

Art. 70-A Fica criada a Zona Especial de Interesse Social 1 (ZEIS 1) Pilar.

Art. 70-B Ficam ampliadas as seguintes Zonas Especiais de Interesse Social 1 (ZEIS 1), conforme perímetros definidos no ANEXO III:

§1º Os perímetros de todas as Zonas Especiais de Interesse Social do Recife recepcionados e ampliados pelo Plano Diretor estão contidos no ANEXO III da presente Lei.

§2º O Poder Público deverá criar mecanismos que viabilizem parcerias com a iniciativa privada, visando a execução de projetos que tragam melhorias para as localidades compreendidas nas Zonas Especiais de Interesse Social.

Art. 72. A regularização jurídico-fundiária dos assentamentos habitacionais de população de baixa renda será precedida da transformação da respectiva área em ZEIS e dar-se-á, preferencialmente, mediante a utilização dos instrumentos do Usucapião Especial do Imóvel Urbano, da Concessão do Direito Real de Uso e da Concessão de Uso Especial para Fins de Moradia, preferencialmente em sua forma coletiva.

§1º A regularização fundiária de áreas públicas municipais deverá ser efetuada, preferencialmente, através da utilização da Concessão de Uso Especial para Fins de Moradia, observados os dispositivos legais sobre a matéria.

§2º Nas áreas particulares ocupadas por população de baixa renda, consideradas de interesse urbanístico e social para fins de regularização fundiária, o Poder Público Municipal deverá garantir assistência social, técnica e jurídica gratuita.

Art. 73. Os planos de regularização urbanística e jurídico-fundiária das Zonas Especiais de Interesse Social (ZEIS) serão elaborados de acordo com as disposições da Lei Municipal n. 16.113, de 06 de novembro de 1995, e suas alterações posteriores, e deverão conter no mínimo:

I - diretrizes e parâmetros urbanísticos específicos para o parcelamento, uso e ocupação do solo, respeitando os coeficientes de aproveitamento apresentados por este Plano Diretor;
 II - plano urbanístico, respeitando os parâmetros já definidos para a área;
 III - indicação das intervenções necessárias à regularização urbanística e fundiária; e
 IV - delimitação de áreas non aedificandi.

Art. 74. Os percentuais para destinação de usos específicos nas Zonas Especiais de Interesse Social (ZEIS) deverão observar o seguinte:

I - Nos planos de regularização urbanística e jurídico-fundiária das Zonas Especiais de Interesse Social 1 (ZEIS 1):
 a) máximo de 20% (vinte por cento) da área total construída para o uso não habitacional; e
 b) mínimo de 80% (oitenta por cento) da área total construída para o uso habitacional exclusivamente para Habitação de Interesse Social (HIS) nas faixas 1 (um) e 1,5 (um e meio) do Programa Minha Casa Minha Vida (MCMV) ou equivalente;
 II - Nas Zonas Especiais de Interesse Social 2 (ZEIS 2):
 a) máximo de 20% (vinte por cento) da área total construída para o uso não habitacional;
 b) mínimo de 60% (sessenta por cento) da área total construída para o uso habitacional exclusivamente para Habitação de Interesse Social (HIS) nas faixas 1 (um) e 1,5 (um e meio) do Programa Minha Casa Minha Vida (MCMV) ou equivalente; e
 c) máximo de 40% (quarenta por cento) da área total construída para o uso habitacional destinado a Habitação de Interesse Social

(HIS) na faixa 2 (dois) do Programa Minha Casa Minha Vida (MCMV) ou equivalente;

III - Nos projetos de reforma ou de construção de novas edificações em lotes existentes, com área do lote superior a 250m² (duzentos e cinquenta metros quadrados) e com área construída superior a 500m² (quinhentos metros quadrados), localizados dentro dos perímetros das ZEIS 1:

a) máximo de 20% (vinte por cento) da área total construída para o uso não habitacional; e
 b) mínimo de 80% (oitenta por cento) da área total construída para o uso habitacional, exclusivamente para Habitação de Interesse Social (HIS) nas faixas 1 (um) e 1,5 (um e meio) do Programa Minha Casa Minha Vida (MCMV) ou equivalente.

Parágrafo único. Não se aplica o disposto no inciso III nas seguintes situações:

I - edificações existentes, que sejam objeto de reforma que não resulte na ampliação da área construída inicial; e
 II - edificações novas ou existentes, objeto de reforma destinadas à instalação de equipamentos públicos, prioritariamente, de segurança, educação, saúde ou assistência social.

Art. 75. As Zonas Especiais de Interesse Social (ZEIS) lindeiras ou inseridas, total ou parcialmente, nas Zonas de Reestruturação Urbana (ZRU) terão seus parâmetros prevalecentes, conforme estabelecido na Lei do PREZEIS.

Parágrafo único. Os imóveis localizados em ZEIS e lindeiros aos eixos de transporte público - vias radiais e perimetrais, contidas nas Zonas de Reestruturação Urbana - ZRU, poderão adotar parâmetros da ZRU, desde que submetidas à anuência do Fórum PREZEIS.

Art. 76. As Zonas Especiais de Interesse Social (ZEIS) lindeiras ou inseridas, total ou parcialmente, em Zonas Especiais de Preservação do Patrimônio Histórico-Cultural (ZEPH) deverão ter seus projetos de regularização urbanística e fundiária submetidos ao Fórum do PREZEIS e ao órgão responsável pela gestão do patrimônio cultural do Município.

Art. 77. As Zonas Especiais de Interesse Social (ZEIS) lindeiras às Zonas Especiais de Centralidades (ZEC) deverão ser consideradas pelos planos específicos elaborados para essas.

Art. 78. A criação de novas ZEIS 1 e a alteração de seus perímetros dar-se-á mediante lei específica, precedida da apreciação e deliberação do Fórum do PREZEIS, tendo por base os estudos disponibilizados no Atlas das Infraestruturas Públicas das Comunidades de Interesse Social do Recife e outros que vierem a ser realizados com esta finalidade.

Parágrafo único. A área não edificada ou subutilizada contígua a uma ZEIS 1 poderá ser incorporada ao seu perímetro, mediante Decreto, desde que destinada à relocação de habitações e/ou edificação de equipamentos comunitários e sociais, previstos no respectivo plano urbanístico, observadas as determinações da legislação específica.

Art. 79. A criação de novas ZEIS 2, assim como a alteração de seus perímetros, dar-se-á mediante lei específica, precedida dos estudos técnicos realizados a cargo dos órgãos competentes e da apreciação e deliberação do Fórum do PREZEIS.

Art. 80. As Zonas Especiais de Interesse Social (ZEIS) em função de suas categorias, objetivos e diretrizes apresentam coeficientes de aproveitamento diferenciados de acordo com a área onde se inserem:

I - Zona Especial de Interesse Social 1 em planície (ZEIS 1 Planície):

a) coeficiente de aproveitamento mínimo - 0,5;
 b) coeficiente de aproveitamento básico - 1,0;
 c) coeficiente de aproveitamento máximo - 2,0;

II - Zona Especial de Interesse Social 1 em morro (ZEIS 1 Morro):

a) coeficiente de aproveitamento mínimo - 0,3;
 b) coeficiente de aproveitamento básico - 1,0;
 c) coeficiente de aproveitamento máximo - 2,0;

III - Zona Especial de Interesse Social 2 (ZEIS 2):

a) coeficiente de aproveitamento mínimo - 0,5;
 b) coeficiente de aproveitamento básico - 1,0;
 c) coeficiente de aproveitamento máximo - 4,0.

SUBSEÇÃO II ZONA ESPECIAL DE CENTRALIDADE

Art. 81. As Zonas Especiais de Centralidade (ZEC) são porções do território cujo grau de acessibilidade e conexão, concentração, intensidade e diversificação de atividades terciárias, públicas e privadas, constituem fatores de polarização de pessoas, bens, conhecimento e informações.

§1º As Zonas Especiais de Centralidade (ZEC) têm por característica a concentração de atividades econômicas, tendo como suporte a articulação imprescindível do sistema de mobilidade urbana para promover o fluxo de pessoas e mercadorias de distintas partes da cidade.

§2º As Zonas Especiais de Centralidade (ZEC) estão indicadas no ANEXO III da presente lei.

Art. 82. As Zonas Especiais de Centralidade (ZEC) incorporam áreas de significativo patrimônio material e imaterial da cidade com o objetivo de assegurar a sua salvaguarda e favorecer a ampliação dos investimentos produtivos para estimular o crescimento e a diversificação da economia, com foco na sustentabilidade.

Parágrafo único. A Zona Especial de Centralidade (ZEC) reconhece o comércio popular como meio de geração de emprego e renda e de relevância cultural.

Art. 83. São diretrizes definidas para a Zonas Especiais de Centralidade (ZEC):

I - adensar as cadeias produtivas existentes nos territórios de forma a gerar empregos nos bairros e criar oportunidades de investimento na agregação de valor e no suprimento de insumos e serviços e aumento da produtividade;

II - melhorar a qualidade dos produtos e serviços e atrair atividades econômicas inovadoras que aproveitem as potencialidades e singularidades locais;

III - atrair atividades terciárias de modo a buscar mercado consumidor mais abrangente que o do entorno da centralidade;

IV - ampliar a atratividade de pessoas por meio da melhoria da infraestrutura urbana de mobilidade, acessibilidade, arborização, iluminação, saneamento ambiental e respeito à paisagem urbana por meio da preservação e conservação do patrimônio cultural e natural, com vistas à melhoria da qualidade de vida;

V - dinamizar o turismo voltado ao patrimônio cultural e imaterial como forma de assegurar a salvaguarda do patrimônio ambiental e cultural da cidade;

VI - regular as áreas de comércio popular, em consonância com seu papel na geração de emprego e renda e significados culturais de suas práticas, de modo a dinamizar suas atividades e atrativos;

VII - reconhecer valores de tradição cultural, tais como:

a) povos de matrizes africanas;
 b) quilombolas;
 c) indígenas;
 d) ciganos;
 e) populações ribeirinhas.

Art. 84. As Zonas Especiais de Centralidade (ZEC) deverão ser objeto de plano específico e poderão ser classificadas na Lei de Uso e Ocupação do Solo ou em lei específica, considerando suas características, conforme os diferentes processos de ocupação e transformação urbana, densidade e diversidade de usos, indicadores socioeconômicos e graus de consolidação.

§ 1º As Zonas Especiais de Centralidade (ZEC) já delimitadas no Mapa do Zoneamento e Zonas especiais, constante do Anexo III, enquanto não realizado seu plano específico, obedecerão aos parâmetros dispostos neste Plano Diretor e na Lei de Uso e Ocupação do Solo;

§ 2º As Zonas Especiais de Centralidade (ZEC) da Caxangá, Abdias de Carvalho, Nova Descoberta, Alto José do Pinho, Bomba do Hemetério, Boa Viagem e Iburá, sinalizadas no mapa referido no §1º, terão seus perímetros definidos de modo participativo, por ocasião da elaboração de seu plano específico, sendo aplicáveis a estas ZEC os parâmetros da zona onde se localizam até sua regulamentação;

§3º As centralidades complementares são compostas por atividades de comércio e serviços em áreas de grande circulação, como terminais de transporte coletivo, estações de metrô, trem e nós de diferentes modos;

§4º Todas as Zonas Especiais de Centralidade (ZEC) deverão ser objeto de plano específico.

§5º As Zonas Especiais de Centralidade (ZEC) demarcadas com sinalização no mapa de Zoneamento terão seus perímetros definidos de modo participativo, por ocasião da elaboração de seu plano específico.

Art. 85. A Zona Especial de Centralidade (ZEC), em função de suas características, objetivos e diretrizes, apresenta os seguintes parâmetros:

I - coeficiente de aproveitamento mínimo - 0,5;
 II - coeficiente de aproveitamento básico - 1,0;
 III - coeficiente de aproveitamento máximo - 5,0.

Art. 85-A A criação de novas Zonas Especiais de Centralidade far-se-á por lei específica, de iniciativa do Poder Público.

SUBSEÇÃO III ZONAS ESPECIAIS DE PRESERVAÇÃO DO PATRIMÔNIO HISTÓRICO-CULTURAL

Art. 86. As Zonas Especiais de Preservação do Patrimônio Histórico-Cultural (ZEPH) correspondem às áreas do território formadas por sítios, ruínas, conjuntos ou edifícios isolados de expressão artística, cultural, histórica, arqueológica ou paisagística, considerados representativos da memória arquitetônica, paisagística e urbanística da cidade.

Art. 87. Os perímetros e parâmetros das Zonas Especiais de Preservação do Patrimônio Histórico-Cultural (ZEPH) são definidos em legislação específica, permanecendo em vigor as regras específicas editadas até posterior alteração, quando da revisão da Lei de Uso e Ocupação do Solo ou da edição do Plano de Preservação do Patrimônio Cultural.

Parágrafo único. Os perímetros das Zonas Especiais de Preservação do Patrimônio Histórico Cultural (ZEPH) estão contidos no ANEXO III da presente Lei.

Art. 88. O Poder Executivo poderá instituir, mediante lei específica, novas áreas como Zona Especial de Preservação do Patrimônio Histórico-Cultural (ZEPH) de acordo com os aspectos e instrumentos:

I - referência histórico-cultural;
 II - importância para a preservação da paisagem e da memória urbana;
 III - importância para a manutenção da identidade do bairro;
 IV - valor estético formal ou de uso social, relacionado com a significação para a coletividade;
 V - representatividade da memória arquitetônica, paisagística e urbanística dos séculos XVII, XVIII, XIX e XX;
 VI - tombamento pelo Estado de Pernambuco; e
 VII - tombamento pela União.

Parágrafo único. Os aspectos e instrumentos poderão ser modificados pelo Plano de Preservação do Patrimônio Cultural.

SUBSEÇÃO IV IMÓVEIS ESPECIAIS (IE)

Art. 89. Os Imóveis Especiais (IE) são imóveis que, por suas características peculiares, são objeto de interesse coletivo, e por esta razão recebem tratamento especial quanto a parâmetros urbanísticos e diretrizes específicas.

Art. 90. Os Imóveis Especiais (IE) classificam-se em:

I - Imóvel Especial de Interesse Social (IEIS) caracterizado por imóveis e edificações públicos ou privados, não edificadas, não utilizadas, subutilizadas, cujo objetivo é à produção de habitação de interesse social ou reabilitação de imóvel para a promoção de Habitação de Interesse Social - HIS com a possibilidade de uso misto;

II - Imóvel Especial de Preservação (IEP) caracterizado por exemplares isolados de arquitetura significativa para o patrimônio histórico, artístico ou cultural da cidade do Recife, cuja proteção é dever do Município e da comunidade, nos termos da Constituição Federal e da Lei Orgânica Municipal.

§1º O Imóvel Especial de Interesse Social (IEIS) deverá ser regulamentado por legislação específica.

§2º O Imóvel Especial de Interesse Social (IEIS) será classificado por legislação específica ou por decreto do Executivo.

itoramento, implementação e avaliação da política de desenvolvimento urbano e ambiental do Município e do Plano Diretor, além de preservar a memória do desenvolvimento urbano e ambiental da cidade.

Parágrafo único. O Sistema de Informação e Memória da Cidade do Recife será gerido pelo órgão gestor do planejamento urbano e regulamentado por ato específico do Executivo Municipal.

Art. 197. São objetivos do Sistema de Informação e Memória da Cidade do Recife:

- I - simplificar e dar clareza aos dados e informações relativos à política de desenvolvimento urbano e ambiental;
- II - disponibilizar ao público em geral dados e informações com a devida precisão e segurança, ressalvadas as situações imprescindíveis à segurança da população e do Município, previstas em legislação específica;
- III - manter atualizados os sistemas de informações e bases de dados necessários ao sistema de planejamento e de gestão democrática urbana;
- IV - garantir a conservação adequada de documentações referentes aos planos, projetos e estudos relativos ao desenvolvimento urbano e ambiental; e,
- V - incorporar tecnologias e sistemas apropriados para a melhoria da produtividade e segurança do sistema de informação disponível ao público em geral.

CAPÍTULO III DA REVISÃO DO PLANO DIRETOR

Art. 198. O Plano Diretor do Recife será revisto a cada 10 (dez) anos, ou sempre que mudanças significativas na evolução urbana o recomendarem, com a garantia do princípio da equidade de gênero.

§ 1º A proposta de revisão será coordenada tecnicamente pelo Órgão Gestor do Planejamento Urbano, a quem caberá presidir o processo e constituir comissão especial, com paridade de gênero, para revisão do Plano Diretor, criada por ato administrativo do executivo municipal.

§ 2º O processo de revisão do Plano Diretor do Recife compreenderá a execução de atividades técnicas, voltadas para a produção de estudos, diagnósticos e formulação de propostas e atividades estruturadas para a sua discussão com a sociedade, com a garantia do princípio da paridade de gênero.

§ 3º A proposta de revisão do Plano Diretor será apresentada para discussão, em Conferência Municipal própria, com ampla participação dos segmentos governamentais e da sociedade civil, com a garantia do princípio da paridade de gênero.

§ 4º Para a realização da Conferência Municipal, será instituída comissão organizadora, com composição que respeite a paridade de gênero, por ato administrativo do executivo municipal.

TÍTULO V DAS DISPOSIÇÕES FINAIS E TRANSITÓRIAS

CAPÍTULO I DAS DISPOSIÇÕES TRANSITÓRIAS

Art. 199. O Poder Executivo Municipal, no prazo de 02 (dois) anos, contado da data de início de vigência da presente lei, deverá submeter à Câmara de Vereadores do Recife o(s) Projeto(s) de Lei adequando a legislação urbanística e ambiental às disposições deste Plano Diretor.

Art. 200. O Poder Executivo Municipal, no prazo de 02 (dois) anos, deverá promover a identificação dos imóveis não edificados, subutilizados ou não utilizados, com a finalidade de aplicar o instrumento do Parcelamento, Edificação e Utilização Compulsória (PEUC), nas áreas de incidência prioritárias apontadas neste Plano Diretor, em conformidade com as determinações da Lei Federal nº 10.257, de 10 de julho de 2001 (Estatuto da Cidade).

Parágrafo único. As informações resultantes da identificação dos imóveis referida no caput serão disponibilizadas em portal de transparência, com livre acesso à informação e à pesquisa de qualquer cidadão.

Art. 201. O Poder Executivo Municipal, no prazo de 120 (cento e vinte) dias, deverá submeter à Câmara de Vereadores do Recife, Projetos de Lei Municipal que disponham sobre a nova regulamentação dos instrumentos da Outorga Onerosa do Direito de Construir - ODDC e da Transferência do Direito de Construir - TDC conforme as disposições constantes na presente lei.

Art. 202. Deverão ser adotados em caráter transitório, até a revisão da Lei de Uso e Ocupação do Solo, os parâmetros constantes da Lei Municipal nº 16.176/96, cujo conteúdo não conflite com o disposto neste Plano Diretor.

Art. 203. Permanecem válidas todas as disposições e parâmetros definidos na Lei Municipal nº 16.719/01, no perímetro de sua aplicação, até a revisão da Lei de Uso e Ocupação do Solo, exceto quanto à exigência de vagas de estacionamento, que obedecerá ao disposto nesta Lei.

Art. 204. Para efeito do cálculo da área total de construção, deverá ser observado, em caráter transitório, até a revisão da Lei de Uso e Ocupação do Solo, o limite de até 50% (cinquenta por cento) adicional ao potencial construtivo máximo estabelecido para a zona, desde que para áreas não privativas.

Parágrafo único. No perímetro definido na Lei Municipal nº 16.719/01, será computada a área total de construção para efeito de aplicação dos Coeficientes de Utilização do terreno, conforme definido no art. 32, §1º, da Lei Municipal nº 16.719/01;

Art. 205. Até a revisão da LUOS, para as Zonas de Ambiente Construído - ZAC, Zona de Reestruturação Urbana - ZRU, Zona Centro - ZC, Zonas do Ambiente Natural - ZAN e Zona de Desenvolvimento Sustentável - ZDS, a Taxa de Solo Natural (TSN) atenderá aos seguintes percentuais:

- I - nas ZAN - 50% (cinquenta por cento);
- II - na ZAC Morros e ZEC - 20% (vinte por cento);
- III - nas demais ZAC, Zona Centro e ZRU - 25% (vinte e cinco por cento);
- IV - nas ZDS:

- a) nas áreas correspondentes ao perímetro transitório disposto no ANEXO VIII - 50% (cinquenta por cento);
- b) nas demais áreas - 30% (trinta por cento).

§ 1º Em imóveis de uso habitacional multifamiliar e de uso não habitacional será exigida área de ajardinamento localizada no afastamento frontal e serão admitidos elementos divisorios voltados para o logradouro com altura máxima de até 3 (três) metros e, pelo menos, 70% (setenta por cento) de sua superfície vazada, permitindo integração visual entre o interior do imóvel e o logradouro.

§ 2º A área de ajardinamento definida no § 1º corresponde à destinação de área localizada na parte frontal do imóvel, tratada em solo natural com vegetação em, no mínimo, 70% (setenta por cento) da área equivalente à multiplicação da testada do terreno pelo afastamento frontal mínimo, definido para a zona onde o imóvel está inserido.

§ 3º No caso de terrenos com mais de uma divisa voltada para logradouro, a área de ajardinamento deverá ser apresentada em cada uma de suas áreas de afastamento frontal correspondente.

§ 4º Ficam desobrigadas da apresentação de ajardinamento frontal a área equivalente aos trechos das testadas em que o pavimento térreo da edificação apresentar fachada ativa, ou seja, uso não habitacional de comércio ou serviços com acesso público direto a partir do logradouro.

Art. 206. Fica determinado o gabarito de altura de 42,00m (quarenta e dois metros) para os lotes lindeiros à Av. Boa Viagem e 24,00m (vinte e quatro metros) para os lotes lindeiros ao Rio Capibaribe, em caráter transitório, até a revisão da Lei de Uso e Ocupação do Solo.

Parágrafo único. O gabarito referido no caput deste artigo consiste na altura máxima permitida, medida a partir da cota de piso fornecida pelo órgão competente do Município até o ponto máximo da edificação, excetuados o reservatório superior e a casa de máquinas.

Art. 207. Ficam dispensados da exigência mínima de vagas de estacionamento quaisquer tipo de empreendimento - habitacional e não habitacionais em todas as zonas da cidade.

Art. 208. Os atuais limites das Zonas Especiais de Preservação do Patrimônio Histórico-Cultural - ZEPH são aqueles definidos na Lei Municipal nº 16.176/96, Lei Municipal nº 16.719/01 e legislações específicas, até a revisão dos citados diplomas legais.

Art. 209. Relativamente às Zonas Especiais de Preservação do Patrimônio Histórico-Cultural - ZEPH, deverá ser obedecido o disposto nos Anexos 3 e 11 da Lei Municipal nº 16.176/96 e no Anexo 8 da Lei Municipal nº 16.719/01 até a revisão da Lei de Uso e Ocupação do Solo ou elaboração do Plano de Preservação do Patrimônio Cultural.

Art. 210. O Anexo I da Lei Municipal nº 16.284/97, que trata dos Imóveis Especiais de Preservação - IEP, continuará em vigor até que sejam alterados quando da revisão da Lei de Uso e Ocupação do Solo ou nos termos de legislação específica posterior.

Art. 211. Fica determinado o gabarito de até 05 (cinco) pavimentos para as ZEIS 2, respeitadas as Leis de Acessibilidade, até a revisão da Lei de Uso e Ocupação do Solo, ou da Lei Municipal nº 16.113/1995.

Parágrafo único. As ZEIS 2 são destinadas para a construção de conjuntos habitacionais pelo poder público, visando acolher as populações a serem deslocadas, quando do desenvolvimento de intervenções urbanísticas das ZEIS 1 contíguas.

Art. 212. Aos processos administrativos e projetos protocolados até o início da vigência desta lei serão aplicadas as legislações em vigor na data de seu protocolo.

§1º Os projetos aprovados nos termos do caput deste artigo não poderão ser revalidados, podendo ser licenciados dentro do seu prazo de validade.

§2º Os projetos protocolados até o início da vigência desta lei cujos licenciamentos dependam de rememoração, desmembramento, demarcação, retificações e alterações de terrenos terão seus prazos de validade acrescidos em 180 (cento e oitenta) dias.

Art. 213. Os alvarás de construção que decorram de projetos protocolados antes da vigência desta lei só poderão ser renovados se a obra já tiver sido iniciada.

Parágrafo único. Considera-se iniciada a obra cuja fundação e baldrames tiverem sido concluídos e estejam em conformidade com as especificações do projeto aprovado.

Art. 214. Os projetos de alteração durante a obra só poderão ser aprovados caso não impliquem, em relação ao projeto licenciado, acréscimo de área construída que exceda os limites estabelecidos neste Plano Diretor e na Lei de Uso e Ocupação do Solo.

Parágrafo único. A regra prevista no caput deste artigo aplica-se também a projetos aprovados a serem adequados nas hipóteses do §2º, do art. 212.

Art. 215. As revisões de processos indeferidos antes do início da vigência desta Lei ou aos quais sejam aplicadas as determinações previstas no art. 212 somente serão admitidas nos casos em que restar comprovada a não conformidade do indeferimento perante a legislação então vigente.

Parágrafo único. Nas situações previstas no caput, os processos deverão manter todas as características do projeto original nos termos da legislação em referência, para exercer o direito à revisão do indeferimento.

Art. 216. Para fins de implementação da Outorga Onerosa do Direito de Construir, fica estabelecido:

- I - Nos primeiros cinco anos de vigência deste Plano Diretor, não será exigido o pagamento da contrapartida financeira correspondente a 1,0 (uma) vez a área do terreno, além do coeficiente básico;
- II - Findo o período de que trata o inciso anterior, não será exigido o pagamento da contrapartida financeira correspondente a 0,5 (zero vírgula cinco) vezes a área do terreno, além do coeficiente básico, pelo prazo de três anos.

Art. 217. Até que sejam concluídos os Planos de Manejo exigidos pelo Sistema Municipal de Unidades Protegidas (SMUP), permanecerão em vigor os atuais decretos regulamentadores das Unidades de Conservação da Natureza (UCN).

Art. 218. Deverão ser adotadas para os Empreendimentos de Impacto, até a edição da lei específica que regulamentará os níveis de impacto, as disposições constantes na Lei Municipal nº 16.176/96 e Lei Municipal nº 16.719/01.

CAPÍTULO II DAS DISPOSIÇÕES FINAIS

Art. 219. O Plano Diretor deverá ser adequado, no que couber e em assuntos de interesse comum à metrópole, ao Plano de Desenvolvimento Urbano Integrado - PDUi, no prazo de até 02 (dois) anos do início de vigência da lei que regulamentar o PDUi.

Art. 220. O Poder Executivo deverá encaminhar ao Poder Legislativo, no prazo de 01 (um) ano, o Plano de Mobilidade Urbana do Recife.

Parágrafo único. O Plano de Mobilidade Urbana do Recife deverá ser adequado, no que couber e em assuntos de interesse comum à metrópole, ao Plano de Mobilidade da Metrópole, no prazo de até 02 (dois) anos do início de vigência da lei que regulamentar o Plano de Mobilidade da Metrópole.

Art. 220-A O Poder Executivo deverá enviar à Câmara de Vereadores do Município do Recife, no prazo de 2 (dois) anos, prorrogável por igual período, por uma única vez, projeto de lei dispor sobre a transformação das Comunidades de Interesse Social (CIS) em ZEIS 1 que se enquadrem nos requisitos destas, com base no documento do Atlas das Infraestruturas Públicas das Comunidades de Interesse Social do Recife, bem como em estudos técnicos realizados pelos órgãos competentes, observadas as disposições deste Plano Diretor e da Lei Municipal nº 16.113, de 06 de novembro de 1995 (Lei do PREZEIS).

Art. 221. A revisão da Lei de Uso e Ocupação do Solo (LUOS) deverá unificar a normatização do ordenamento do uso e ocupação do solo atualmente tratada em vários diplomas legais e regulamentos.

Parágrafo único. O Poder Executivo irá promover a atualização do Atlas do Índice de Desenvolvimento Humano como ferramenta para orientar as políticas públicas.

Art. 222. Em caso de extinção do Programa Minha Casa Minha Vida (MCMV) e de ausência de programa equivalente que o substitua, deverá o Poder Executivo Municipal, ouvida a sociedade, definir critério técnico de enquadramento compatível para as faixas de renda familiar previstas na presente Lei.

Art. 223. Para os fins desta lei, são definidos como os limites das Zonas Especiais de Interesse Social - ZEIS os que vêm estabelecidos no presente diploma legal, bem como aqueles definidos na Lei Municipal nº 16.176/1996, na Lei Municipal nº 16.719/2001, com suas alterações, e ainda aqueles previstos em leis posteriormente editadas, apenas podendo ser revistos por lei ordinária específica, desde que observadas as disposições da Lei Municipal nº 16.113/1995.

Art. 224. No prazo de 90 (noventa) dias, a partir de sua publicação, esta Lei deverá ser editada também em linguagem Braille.

Art. 224-A. Os mapas integrantes desta Lei deverão ser disponibilizados eletronicamente, em alto grau de resolução, através de publicação na Internet e reproduzidos por meio do Sistema de Informações Geográficas do Recife - ESIG.

§ 1º Os mapas a que se refere o caput deste artigo deverão, ainda, ser certificados eletronicamente.

§ 2º Os mapas e perímetros constantes dos planos específicos de Zonas Especiais, Projetos Especiais e Operações Urbanas Consorciadas, dentre outros, previstos neste Plano Diretor que vierem a ser instituídos a partir das regulamentações correspondentes serão incorporados ao zoneamento urbanístico do Município e disponibilizados eletronicamente e no Sistema de Informações Geográficas do Recife na Internet - ESIG.

§ 3º As coordenadas geográficas dos perímetros previstos nesta Lei, que delimitam as Macrozonas, Zonas, Zonas Especiais, Projetos Especiais, dentre outros, estão descritas no Anexo IX deste Plano Diretor.

Art. 225. Fica revogada a Lei Municipal nº 17.511/08, de 29 de dezembro de 2008.

Art. 226. Os prazos referidos nesta lei serão contados a partir do início de sua vigência, à exceção das hipóteses previstas em dispositivos deste Plano Diretor.

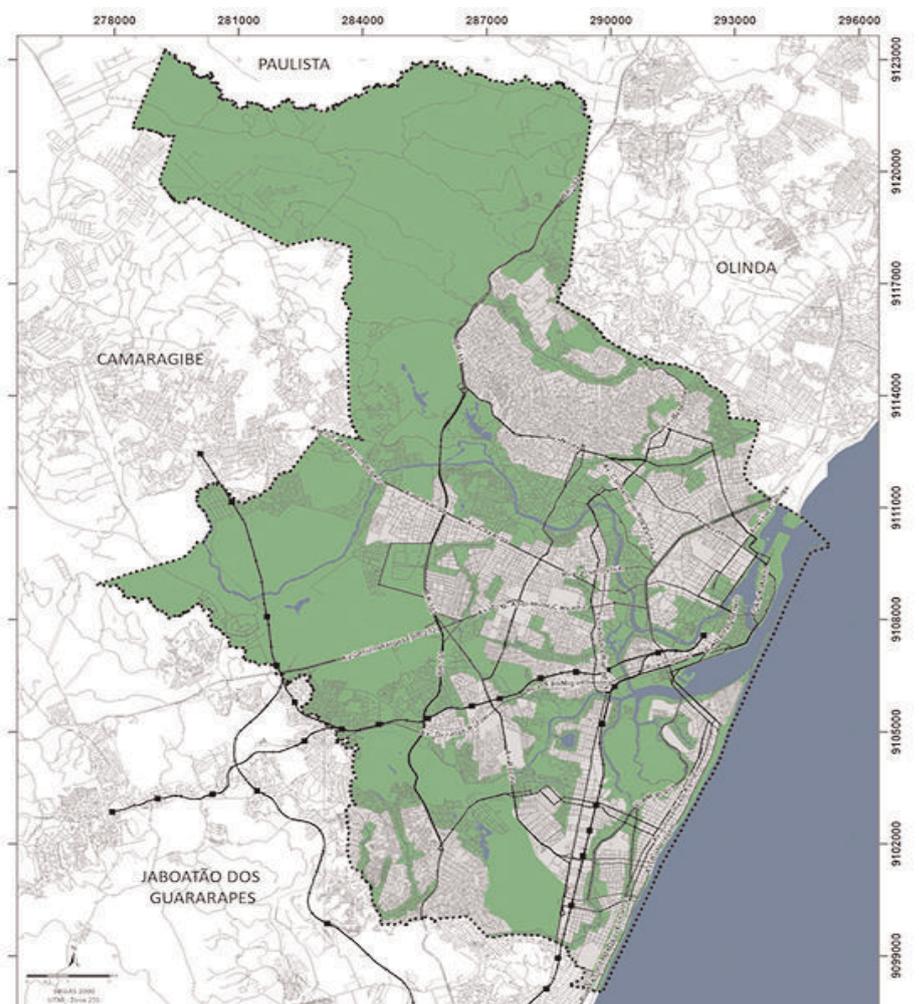

Art. 227. Esta Lei entra em vigor na data de sua publicação.

Recife, 23 de abril de 2021; 484 anos da fundação do Recife, 204 anos da Revolução Republicana Constitucionalista de 1817 e 199 anos da Independência do Brasil.
